

Whitworth Church Adult Sunday School

Classes for Fall 2009, Sundays at 9:45am beginning September 20, 2009 with breaks

Dear Friends,

The Sunday Morning Adult Education hour this Fall will feature two Bible classes, a book discussion group and a new class based on life-stage. This new class is open to everyone, but will include topics of interest to people under 45. The class will also nurture community, build friendships, and include fun group events outside of class suitable for young singles, couples, and families.

Pastor Steve

Journeys of Faith in the Gospel of Luke

Dr. Jim Edwards, Sanctuary

Dig into the events and people in scripture in this lecture and discussion based class. Learn more about the Bible and your faith with other thoughtful and open people.

Dr. Jim Edwards teaches at

Whitworth University, has published and presented extensive biblical scholarship world-wide, and has a passion for applying scripture to daily life.

Community Class for the Under-45(ish)

Series of topics or speakers starting with Dr Ron Pyle, led by a team, W021

This new class will feature rotating speakers, topics, and discussions of interest to people under 45 (though everyone is welcome). Join new friends as you give input into the direction of the class and plan

future topics, activities, and even fun events outside of class. The class will begin with a study led by Dr. Ron Pyle. Leaders are Greg and Kristen Orwig, Meagan and Scott Anderson, and Dave and Dollie Robin.

Matthew's Gospel Small Group

Darrel Havercroft, W020

Explore Matthew's gospel using a question and answer format. This small group experience will follow a series of thoughtful questions through the text to explore, encourage, and discuss scripture. Darrel is chair of the Spiritual Formation Commission at WCPC.

Great Chapters of the Bible

Dr. Howard Redmond
W022 (under Quall Hall with elevator access)

Survey great moments in scripture. Beginning with Genesis 1 and continuing through the great story-arc of the Old and New testaments, this class will explore the way God has reached out to people throughout history. Students will be encouraged and equipped for deeper Bible reading through lecture and discussion on major events and teaching in scripture. The elevator makes this room easily accessible.

Dr. Howard Redmond is Professor Emeritus of Theology at Whitworth University. His books include *Our Hearts are Restless*, a daily devotional guide based on writings of Augustine, and *The Omnipotence of God*.

The Book Club

Dr. Laura Bloxham and
Dr. Doug Sugano, Fireside Room

The Book Club is a "no-guilt" group that values your presence more than your keeping up with the reading. Read books with clear spiritual themes and discuss them with spiritual growth in mind. You are welcome to join this small group class any time whether you have read or not.

Laura and Doug are members of WCPC and professors in the Whitworth English Department. Along with other leaders in the group, they share their passion for literature and the Christian faith which enables The Book Club to be a fun place for discussions.
